IMPORTANT CAR PARK ANNOUNCEMENTS FOR UCTI STUDENTS

CAR PARK ‘G’ (NEXT TO UCTI)

SPECIAL COUPON-BASED PARKING ARRANGEMENTS AT CAR PARK ‘G’ (NEXT TO UCTI)

As you are aware, Car park ‘G’ (next to UCTI’s Building) was recently redesignated by TPM as a Season-Parking (Monthly basis) area.

As not all these lots have been taken up for season parking, we have rented the remaining Lots from TPM, and will now make these available to students for Coupon (daily rate) parking.

The following guidelines will apply with regard to the parking arrangements at Car Park G.

1. Students can park their cars on a daily basis effective 8 February 2010. However, students may purchase coupons at RM 4.00 per day from the Cashier’s Counter per day, from Wednesday 3 February 2010 onwards. As only limited Car park Lots are available, coupons will be sold on ‘first come first serve basis’.

2. Students may purchase Coupons for specific days in the week, for a maximum period of four (4) months.

3. Cars will be allowed entry by the Automated System only if the license plate numbers are registered in the system (as provided by students while purchasing the coupons), and only on the days for which the Coupon was purchased.

4. Cars must be parked within the painted car park lots, or in locations as identified by the Guard.

5. Students must display their Coupons on the dashboard along with their hand phone (mobile phone) numbers. The hand phone numbers must be clear.

6. Parking in this area is at students’ own risk. UCTI will not be responsible of any loss of valuables from the car, and as such students are reminded to ensure that cars are locked and no valuables are left behind.

EXISTING SEASONAL PARKING AT CAR PARK ‘G’ AND PATIMAS (BEHIND UCTI)

1. Students who have previously purchased seasonal parking from TPM at the two car parks mentioned above will pay their seasonal parking fees to the cashier at UCTI, effective from 2nd February 2010.

2. Parking Fees must be paid before the 1st of each month, failing which Season Parking will be revoked and reallocated to other students/staff.

3. These car parking lots are will only be sold at seasonal rates of for a maximum duration of six (6) months from 2nd February 2010.

4. With effect from 1st August 2010, these lots will be taken back by UCTI, and subsequent renewal of season parking may only be made on a monthly basis.
